

# It's not only a **Women's Issue...**

# You can find **healing and lasting freedom!**

# Comments **From Retreat Participants:**

✓ "I was not in the room. I was not even in the clinic that day, but in my mind I was there watching, breaking, wanting to rescue you. In my mind I needed to be a hero, not a killer; the man who did not flee. But, I am not, I am the man I feared to see"

"My heart was broken when I first realized that a father is supposed to give his life for his child, not the child for his father."

"The music, visuals, and memorials at the retreat, all based on scriptural truth, were wonderful. Just when I thought we had covered everything, there would be something else so sweet and loving for us to receive."

From a Male Participant

## **Why attend a HEALING RETREAT?**

You do not have to go through life with an abortion wounded heart. We can help.

## **Deeper Still RETREATS:**

Our retreats are provided free of charge for women and men in a confidential, beautiful setting. To find dates and locations in Arkansas: Visit [www.DeeperStillArkansas.org](http://www.DeeperStillArkansas.org) Or call (501) 425-9891

✓ "Your hard work, time and prayers were so felt as soon as I pulled onto the lot. What an incredible, life-changing miracle. A new heart has been given to me, and I am leaving this place a new woman...a changed and free daughter of the King!"

✓ "My experience at Deeper Still was the last step needed for me to fully surrender this chapter of my story over to the Lord. Just to be able to speak the word 'abortion' was my desire, because I've been silenced by my own shame. I stand ready now. Ready for whatever God calls me to do. Ready to meet whatever rejection may come if it means helping others find freedom and fullness in Christ."

✓ "I truly feel that God has healed my 'hole-ly' wounded heart during this Deeper Still retreat. I went from sadness at the beginning of the retreat to great joy at the end."

✓ "I am so thankful to God and to all of you for this perfectly beautiful love-filled and anointed week-end!!! I've never felt this 'whole' before. I did not realize how much more healing I needed."
